Raise your glass to the harvest moon and hills adorned with radiant hues. This reddish orange lager celebrates the season with a rich caramel malt flavor, moderate hop bitterness and a frothy head. You don't have to wear lederhosen to drink it, but you might want to.

Sensory Description:

Clean lager and malty aroma with hints of caramel. Malt flavors are rich with light toasted melanoidin flavors accenting an overall sweet and complex malt flavor profile. Moderate hop bitterness balances the malt flavors yet allows the maltiness to come through. Finished crisp. Deep orange-red in color. Firm off-white head.
